Legal Disclosures

The information contained in this guide is provided for general informational and educational purposes only. It does not constitute legal, financial, tax, or investment advice, and it is not an offer to sell or a solicitation to buy a franchise.

Franchise Empire is not a franchisor, franchise broker, or registered financial advisor. We may have referral or marketing relationships with one or more of the brands featured in this guide.

Investment ranges, royalty rates, franchise fees, and all other figures are sourced from each brand's Franchise Disclosure Document (FDD) and other publicly available materials. These figures are estimates that change over time and may not reflect the most current terms. Always verify directly with the franchisor.

Any performance figures, earnings ranges, or unit-volume references are illustrative only. Past or projected performance is not a guarantee of future results, and individual results vary widely based on market, operator, and economic conditions.

Before making any franchise investment decision, you should obtain and review the complete, current FDD and consult with a qualified franchise attorney and accountant of your own choosing.

By using this guide, you acknowledge that Franchise Empire and its affiliates assume no liability for decisions made based on its contents.

All trademarks, brand names, and logos referenced in this guide are the property of their respective owners and are used for identification purposes only.

WELCOME

How We Chose These 42

Most "best franchise" lists are popularity contests. This one isn't. Every brand inside earned its place by clearing three hard filters — the same ones we use when a client asks where to put their money and their name.

Buying a franchise should reduce your risk, not multiply it. The goal of this guide is simple: help you walk into your investment with clear eyes, real numbers, and the confidence to protect your assets while you build something that pays.

The Three Pillars

01

Financial Performance

Strong unit economics, healthy margins, and transparent FDD numbers that show real earning potential.

02

Leadership & Support

Experienced franchisors with proven training, marketing, and ongoing operational support behind every owner.

03

Proven Demand

Durable, recession-aware categories with recurring or essential customer demand that holds up over time.

CLEANING & RESTORATION

#1
